The Curtain Rises on Spring Styles

Here's the event that everybody has been waiting for. It will answer the question that has been on many of our customer's tongues—"What new ideas have those famous style creators,

THE HOUSE OF KUPPENHEIMER

produced for Spring." The styles are here, now. And we can assure you that they will far surpass your expectations.

There is nothing that smacks of "old stuff" in the new designs. They are as different as the physiques of the young men who went to war.

What's the style hit of the season? The Waist-seam models, and we have half dozen smart variations to pick from in all the season's fashionable patterns and beautiful colors. As in past seasons our values are unequalled.
